Business Resource Center Sets Up Toll-Free Assistance Line for Businesses Affected by Flood Damage

CONCORD – The New Hampshire Business Resource Center has set up a toll-free telephone number to better serve businesses which have been adversely affected by the recent flooding.

Business representatives calling 1-800-417-4110 will receive personalized assistance from Center staff members who are currently collecting information about the extent of the damage to local companies and coordinating information to be passed on to state and federal agencies tasked with handling disaster relief.
